COLOUR ENERGY CHAKRA BLENDS

Colour Energy (CE) Chakra Blends are a wonderful concept because they allow the user to experience more of a "totality" than just using one oil. A synergy blend's purpose is to take like-minded oils and put them together to increase or intensify a desired effect. CE further amplifies the power of each blend by only using oils of the same colour frequency. Colour Energy is the world leader offering colour-coded products that relate to the chakras.

Choose what you feel you need, want or are drawn to! Each CE blend puts the power where it belongs!

Each Chakra Blend is premixed with an organic Jojoba base oil... no muss, no fuss. This means you can apply these blends directly on your body without having to worry about mixing the correct combinations of essential oils with a carrier base. Colour Energy's unique blends have been created by our team of aromatherapy and colour experts!

Use them directly on your chakras, where you feel they are needed or on the correlating reflex zones (ask your local CE expert how to use our oils for a specific chakra treatment). Since all CE's oils are pure oils these specialty blends make wonderful natural body perfumes. Try a different scent each day of the week. CE's Chakra Blends are available in .35oz/10ml bottles or .035oz/1ml vials.

Colour Vibration & the Zodiacal Signs

GEMINI – ORANGE

MAY 21st - JUNE 19th

Gemini is the sign of duality and the energy that represents opposite polarities. As the sign of the twins it signifies the present phase of evolution (alternating between life and death, happiness and sadness, health and sickness, plenty and poverty, yin and yang, black and white, etc.).

The Gemini energy can be very persistent and enthusiastic and it has the ability to think outside of the box. However, when unbalanced it can be very demanding and act childish.

THE FUNCTION OF OUR ORANGE ENERGY IS TO FIND THE HARMONY IN OUR CREATIVE, FEELING AND SENSING CHAKRA CENTRE. THIS CAN BE ACCOMPLISHED BY ALLOWING OUR FEMININE ENERGY TO BE EXPRESSED AND NOT REPRESSED!

ORANGE is cheerful, spontaneous, and playful, allowing you to be in your creative flow! Use ORANGE tools to bring out the joy in life, as it is the colour of our inner child. The carnelian gemstone has been used to release negativity. COLOUR ENERGY's ORANGE Blend, Melissa, ORANGE or Neroli are oils that have an uplifting and invigorating aroma. Imagine the power when added to an ORANGE COLOUR BATH together with happy music and a glass of pure carrot juice. Wearing our ORANGE colour therapy glasses daily as regular sunglasses will help you to see the world more positively and joyfully (ideal to combat depression and emotional instability).

CANCER – YELLOW/ORANGE

JUNE 21st - July 20th

People born under the sign of Cancer are very mentally creative. They understand the relationship between their emotions at any given moment and incoming information. Cancer has a strong "felt" sense of what is right. Judgment is usually based on a gut feeling that a certain direction is best. The ORANGE/YELLOW person is never boring, as s/he can be both knowledgeable and at the same time very entertaining. The nature of Cancer is to uplift others and share innovative ideas.

THE PURPOSE OF THE ORANGE/YELLOW ENERGY IS TO FACE LIFE'S CONFLICTS HEAD ON AND DEAL WITH ONE'S FINANCIAL RESPONSIBILITIES.

ORANGE is the energy that connects to one's sensing abilities and YELLOW is the colour of knowledge and clarity. Combined ORANGE/YELLOW allows one to "go" with the flow and at the same time give new ideas. Great for helping one to release rigid patterns and habits. Mix one cap ORANGE and one cap YELLOW Colour Bath together and create a beautiful peach bath experience. A peach coloured bath will support the deep release of toxins.

Other ORANGE/YELLOW tools would be Colour Energy's Bergamot oil mixed with ORANGE for a nice uplifting blend. Also CE's Melissa Mix is a combination of ORANGE and YELLOW essential oils.

Lighter coloured foods such as Apricots, Peaches, Cantaloupes and Yam are the ORANGE/YELLOW energy. ☺
